Hi Dan

Here are 2 more (rat) dev.studies. is it possible to get these too?

Sorry for being a pain. I just want to as thorough as possible so we give out the whole picture to the public

Thanks. Much appreciate your help

Brooker, A.J., Brennan, C., John, D.M., Anderson, A. & Dawe, I.S. (1991) The effect of glyphosate on pregnancy of the rat (incorporates preliminary investigations). Unpublished report No. CHV 43 & 41/90716, dated 14 October 1991, from Huntingdon Research Centre Ltd., Huntingdon, England. Submitted

to WHO by Cheminova A/S, Lemvig, Denmark.

Moxon, M.E. (1996) Glyphosate acid: developmental toxicity study in the rat. Unpublished report No. CTL/P/4819, July 1996, from Zeneca Agrochemicals, Central Toxicology Laboratory, Alderley Park, Macclesfield, Cheshire, England. Submitted to WHO by Syngenta Crop Protection

AG, Basel, Switzerland.
